Santini Grape Seed Oil

Extracted from seeds of grapes, grapeseed oil has a high smoke point, making it a great substitute for virgin olive oil. It can be used for frying and searing, as well as stir-frying, sautéing and baking. Its light flavor is ideal for use in dressings and sauces, and can be easily infused with flavors from ingredients such as herbs and peppers. Grapeseed oil is also a good source of essential fatty acids and vitamin E.

Made by refining avocado oil (lampante) which is originally obtained by pressing the entire fruit (including the pit). Avocado oil has a neutral yet slightly nutty taste and is light yellow color. Its high content of monounsaturated fatty acid (a good fat) is known to help prevent cardio vascular disease.

Usage:

Its high smoke point of 491°F makes Avocado Oil ideal for all cooking methods, including frying, sautéing, searing and more. It can also be used to prepare delicate sauces due to its mild flavor.
